The medical report forms of the Office of Workers' Claims are designed to provide relevant medical information to administrative law judges to assist in determining the occupational implications of a work-related injury or an occupational disease. Therefore, it is important that each section of the forms be carefully and fully completed.

1. All information must be typed or neatly printed.
2. The Office of Workers' Claims maintains a Physician Index with curricula vitae of physicians. Physicians may be included in the index by tendering a copy of a current curriculum vitae with a request for inclusion to: Physicians Index Clerk, **Office of Workers' Claims**, 657 Chamberlin Avenue, Frankfort, Kentucky 40601.
3. Use of the most recent edition of the AMA Guides to the Evaluation of Permanent Impairment is mandated by statute. Reference should be made to page numbers and tables only from the most recent edition for all physical injuries. For psychiatric conditions, the class of impairment should be stated, with reference to impairment ratings provided in prior editions.
